

OCTA-BEE™

- **Octa-Bee™ is a dietary supplement to support the maintenance of cholesterol within normal ranges, proper nerve function and endurance.***
- **Octa-Bee™** is an effective and revitalizing combination of 3 high energy foods: Octacosanol, Bee Pollen and Aspartic Acid.

Octa-Bee™ is designed to support:

- Cardiovascular health*
- Endurance, stamina and strength*
- Neurological health*
- Athletes

About the Nutrients:

- **Octacosanol** is a natural food substance and the main component of a complex called policosanol. It is found in very small amounts in beeswax, jams, sugar cane and wheat germ oil. Over 20 years of research indicates that Octacosanol helps to increase endurance, stamina and strength by reducing oxygen debt and improving muscle glycogen storage.*
- **Policosanol** is a complex mixture of long chain fatty alcohols. The main long chain alcohols in policosanol are Octacosanol and Triacantanol. This complex has been studied for its ability to support cholesterol within normal ranges, protect lipoproteins from peroxidation, support blood viscosity and circulation as well as the integrity of myelin sheaths (nerve insulators).*
- **Bee Pollen** is a complete food and is one of the most effective high-energy foods available to athletes or anyone who wants to be active. It contains 16 vitamins, 16 minerals, 18 amino acids, 18 enzymes and 28 trace elements that

are synergistically balanced in nature. Because it is a complete food, Bee Pollen works synergistically with Octacosanol to increase its energy-releasing properties.*

- **Aspartic Acid** acts as brain fuel and help increase mental alertness and energy output.* It also act as mineral transporters for the essential minerals magnesium and potassium.

Supplement Facts

Serving Size: 1 Tablet

Amount Per Serving

Calcium (as Ca pyrophosphate & Ca sulfate)	120 mg
Phosphorus (as Ca pyrophosphate)	135 mg
Policosanol (from sugar cane)	16 mg
Yielding Octacosanol	9,600 mcg
Triacantanol	3,520 mcg
Hexacosanol	1,200 mcg
Nonacosanol	704 mcg
Heptacosanol	432 mcg
Bee Pollen	500 mg
Aspartic Acid	50 mg

Other ingredients: cellulose, stearic acid, vegetable stearate, silica, pharmaceutical glaze.

Warning: If you are pregnant or nursing, consult your health care practitioner before taking this product.

- **Suggested Use:** As a dietary supplement, take one tablet, 1-2 times daily.
